

The Geography Quality Mark 2017/18

Silver Award

Notable aspects and strengths

- Well presented submission
- Good use of pupil voice as a baseline to measure progress.
- An effective curriculum structure in place.
- Good evidence to show pupils are enjoying their experiences within lessons especially using outdoors.
- Geography has a raised profile around school with evidence of colourful and informative displays.
- There is a strong focus on Global issues providing children with an understanding of how to look after the Earth's resources. **We are developing a World news board in the hall.**
- Map skills are being developed effectively using Digi-maps.

Aspects to Develop and Strengthen

- ◉ Continue to develop children's knowledge and understanding of places to a greater depth in all classes.
- ◉ Continue to develop fieldwork – in particular making use of data collection in a range of locations.
- ◉ Provide additional curriculum information on the school website to show coverage in depth.

**Thank you for
listening!**
