

# Year 4 Maths A Progress Plan

## Numbers to 10000

- Count in hundreds & twenty fives
- Count in thousands
- Count in thousands, hundreds, tens & ones
- Use place value
- Compare & order numbers
- Make number patterns
- Count in sixes, sevens & nines
- Round numbers
- Round numbers to estimate

## Add & Subtract within 10000

- Find the sum
- Add without renaming
- Add with renaming
- Add using mental strategies
- Finding differences
- Subtract without renaming
- Subtract with renaming
- Subtract using mental strategies
- Solve word problems

## Multiply and Divide

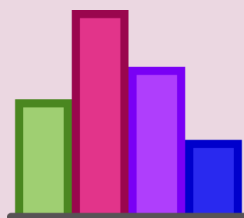

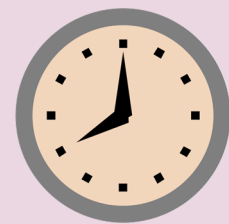

- Multiply by 6
- Multiply by 7
- Multiply by 9
- Multiply by 11
- Multiply by 12
- Divide by 6
- Divide by 7
- Divide by 9
- Multiply and divide by 11 & 12
- Divide with remainder
- Solve word problems

## Further Multiplication & Division

- Multiply by 0 & 1
- Divide by 1
- Multiply by the same two numbers
- Multiply by three numbers
- Multiply by multiples of 10
- Multiply 2-digit numbers
- Multiply by multiples of 100
- Multiply by 3-digit numbers
- Divide by 2-digit numbers
- Divide by 3-digit numbers
- Solve word problems

## Fractions

- Count in hundredths
- Write mixed numbers
- Show mixed numbers on a number line
- Find equivalent fractions
- Simplify mixed numbers
- Simplify improper fractions
- Add fractions
- Subtract fractions
- Solve word problems

## Graphs

- Draw & read picture graphs & bar charts
- Draw and read bar charts
- Draw and read line graphs

## Time

- Telling time on a 24-hour clock
- Change time in minutes to seconds
- Change time in hours to minutes
- Solve problems on duration of time
- Change years to months & weeks to days
- Solve word problems
